Projects

- **BlueDOT Project (HTML, CSS, JavaScript, Bootstrap)**
A responsive static info website focused on raising awareness about our planet's crisis. This is the first website I've created.

- **Management System (HTML, PHP, Bootstrap, MySQL)**
A simple management system with CRUD operation, search, login & logout functionalities.

- **Goals App (MERN Stack, Bootstrap)**
A simple web app that allows you to set your goals. This web app helps me build a good foundation on API, CRUD operation and how backend & frontend technology works.

Education

- **Bachelor of Science in Information Technology**
STI College Sta. Mesa
2016-2021

Certifications

- **HCIA-Cloud Computing Course (2021)**
